

August 05, Issues.

The screenshot shows a web browser window displaying the 'Quick Customer Registration' form. The form includes fields for Email Address, Phone No., Title (a dropdown menu), First Name, Last Name, Address 1, City, State, and Zip. There are also checkboxes for 'Gender' (Male/Female) and 'L2 UY' (a dropdown menu). A 'Register' button is at the bottom. The browser's address bar shows the URL 'http://194.164.72.216:8080/creditChexRegistration.aspx'.

In earlier versions, I noticed that you made improvements that selects Gender based on the Title selection.

Example, if you selected a gender specific Title like Mr. the Gender is automatically selected as Male. If you selected Ms or Mrs.

The Gender is automatically selected as Female. In that case, you couldn't change the Gender unless you changed the Title.

This improvement should be applied all over the project.

The screenshot shows the CreditChex dashboard. At the top, there is a navigation bar with links: Home, Company, Branches, Users, Login History, Manage School, Notifications, Search, Role, Public Accounts. Below the navigation bar, there is a 'Welcome' message and a table of statistics:

08/05/2016	
Welcome, Admin (Admin)	
Total Commission Earned	\$ 0.00
Total Number of VTY Searches done Today	0
Total Commission Earned Today	\$ 0.00
Total Commission Earned for the Month	\$ 0.00
Total Commission Earned for the Year	\$ 0.00
Total Number of VTY Searches done 10 Days	0

At the bottom, there is a footer: Copyright © 2015-2016 CreditChex. All Rights Reserved.

There are a whole lot of icons here that shouldn't be available for a Corp Admin.

A Corp Admin doesn't set up a Company. Should not see the Company icon.

A Corp Admin doesn't do anything with Role. Should not see the Role icon. Super Admin uses the Role icon to enable aht icons a user has access to. Only Super Admin has access to the Role icon

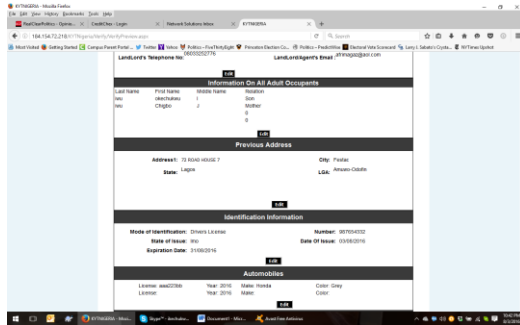

Manage School should only be available to authorised users like Students.

It looks like this date does not apply the required minimum criteria age of 18 years.

There is no Wife, Husband and Other in the Relation selection drop down window. There should be Wife, Husband and Other available for selection.

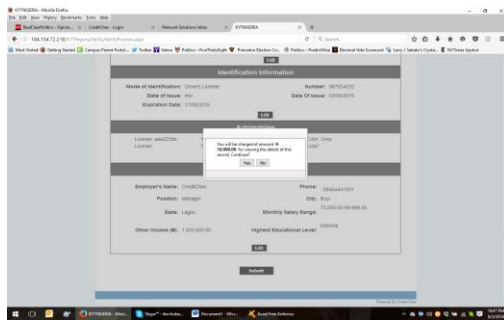

Headline is wrong. Should say the same thing it says on the 1st page of the form. That's "Individual KYT & Background Verification Form" or "Corporate KYT & Director Background Verification Form" for Individual and Corp forms respectively.

We need to properly align the form against the questions.

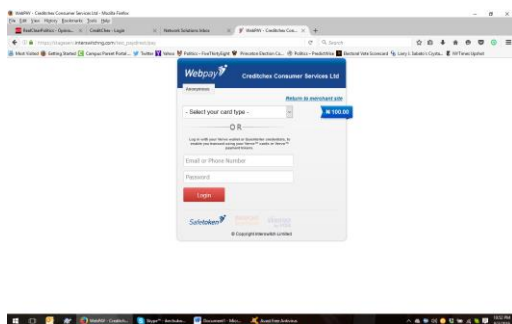

Info On All Adult Occupants seems to show space for information that was not entered.

Info on Automobiles should not make room for info on cars that were not entered.

Please edit popup to say "You will be charged N10,000.00 for viewing the details of this record, Continue?" Yes. No.

InterSwitch amount is wrong. Should say N10,000.00 the correct amount from the previous page.
